this book is a collection of stories and reflections that represent chinese american leaders and depict their tortuous journeys in u s higher education that comes at a critical point in time many books have been devoted to academic leadership but this volume uniquely focuses on subjects most relevant to chinese americans we live at a time that not only witnesses an increase in chinese american leaders on u s campuses but also mounting incidents of discriminatory treatment of this group this book showcases 36 stories and reflections from past present and future leaders including the five previously published stories they represent leaders holding different ideological values in various academic fields positions stages of careers professional trajectories generations chinese ethnic groups and geographical locations the rise of chinese american leaders in u s higher education makes a valuable contribution to the body of literature that has assisted countless academic leaders in navigating their careers bringing to the forefront a distinct group of academic leaders who have been underrepresented

at the beginning of 2020 as the covid 19 pandemic swept across the us in multiple waves health systems had to rapidly develop systems for tracking various aspects related to managing the pandemic this included not just overall trends in incidence hospitalizations and outcomes but also metrics related to the response covid 19 was the first pandemic in the united states since the widespread adoption of electronic health records incentivized by the meaningful use program as a result the availability of health information was much broader than in any previous pandemic the widespread impact of covid 19 also meant that every healthcare institution was affected and was tracking data related to the pandemic in some form there has been more focused activity with data and analytics regarding covid 19 than we have ever had with any other disease including important advances as well as technical and regulatory obstacles

the euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation this book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of central and eastern europe and considers the impact of political change drawing heavily on available survey data the book provides an in depth account of how the new democracies of central and eastern europe have coped with four major challenges political fragmentation nationalism lack of respect for human rights and poorly developed civil service systems the book demonstrates that although the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for european integration have served to reverse this negative trend indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with western democracies are now apparent offering new insights into democratic transition challenges to democracywill appeal to political scientists diplomats and policymakers and economists with an interest in european and comparative politics

this volume contains the proceedings of the seventh international isko conference 10 13 july 2002 in granada spain

in the wake of 9 11 and the us intervention in afghanistan central asia and the caucasus have moved to the forefront of the international political agenda this volume provides information and expertise in relation to issues such as oil and drug control
