relationship with hitler from a new york times bestselling author born leader brilliant soldier devoted husband and father erwin rommel was intelligent brave and compassionate while at the same time vain egotistical and arrogant in france in 1940 then for two years in north africa then at normandy in 1944 he proved himself a master of armored warfare running rings around a succession of allied generals who never got his measure and could only resort to overwhelming numbers to defeat him yet for all his genius rommel was also naive a man who could admire adolf hitler at the same time that he despised the nazis dazzled by a führer whose successes blinded him to the true nature of the third reich above all he was the quintessential german patriot who ultimately would refuse to abandon his moral compass so that on one pivotal day in june 1944 he came to understand that he had mistakenly served an evil man and evil cause he would still fight for germany even as he abandoned his oath of allegiance to the führer when he came to realize that hitler had morphed into nothing more than an agent of death and destruction in the end erwin rommel was forced to die by his own hand not because as some would claim he had dabbled in a tyrannicidal conspiracy but because he had committed a far greater crime he dared to tell adolf hitler the truth in field marshal new york times bestselling historian daniel allen butler describes the swirling innovative campaigns in which rommel won his military reputation and assesses the temper of the man who finally fought only for his country and no dark depths beyond

description this book provides a quick glimpse about the life of erwin rommel

includes pictures includes rommel s quotes about his life and the war includes online resources and a bibliography for further reading be an example to your men in your duty and in private life never spare yourself and let the troops see that you don t in your endurance of fatigue and privation always be tactful and well mannered and teach your subordinates to be the same avoid excessive sharpness or harshness of voice which usually indicates the man who has shortcomings of his own to hide erwin rommel one of his biographers called him a complex man a born leader a brilliant soldier a devoted husband a proud father intelligent instinctive brave compassionate vain egotistical and arrogant as that description suggests every account of erwin rommel s life must address what appears to be its inherent contradictions fittingly and in the same vein he remains one of the best remembered generals of world war ii and history at large despite the fact he was on the losing side and he was

defeated at the most famous battle of his career the decisive battle of el alamein nonetheless the desert fox has been a legend on both sides of the atlantic for over 70 years thanks to the crucial role he played in history s deadliest conflict before his legendary encounters against the british and americans in north africa rommel gained much fame for his role in the invasions of poland and france before was sent to north africa in february 1941 in describing rommel the italian officer alessandro predieri talked about his two very rare and precious gifts the first is luck which you will remember napoleon prescribed to his generals the second gift is that of being able to keep his bearings in the midst of all the confusion of modern desert warfare his instinct tells him immediately where a difficult situation is going to develop and off he goes with his kampfstaffel headquarters group which he treats like a praetorian guard and puts things right charging around like a junior officer with the axis forces trying to push through egypt towards the sues canal and the british mandate of palestine american forces landed to their west in north africa which ultimately compelled rommel to try to break through before the allies could build up and overwhelm them with superior numbers the second battle of el alamein was a turning point in the two year conflict between allied forces and a combined german italian force in north africa while the scale of the battle paled in comparison to the battles of the eastern front where the majority of german troops were concentrated it still marked an important victory in world war ii especially from the british perspective after leaving north africa rommel spent much of the later part of the war strengthening german defenses across the atlantic in anticipation of an amphibious allied landing which would come in june 1944 but the murky role he played in the notorious july 20 plot on adolf hitler s life in 1944 the closest an assassination attempt got to killing the nazi fuhrer would bring about the desert fox s untimely demise in october 1944 even as the soviets and western allies were tightening the vise on germany compelled to take cyanide by authorities the desert fox insisted he was innocent until his dying day and his popularity forced the nazi government to claim his death was brought about by a heart attack or a cerebral embolism in fact rommel was given an official state funeral and winston churchill would go on to praise him he also deserves our respect because although a loyal german soldier he came to hate hitler and all his works and took part in the conspiracy to rescue germany by displacing the maniac and tyrant for this he paid the forfeit of his life
