this is so much more than just an average travel book that only covers the major tourist attractions this book is designed to help you slow down and enjoy the rich diversity of california there are many interesting places to see and things to do in the vast state that are not listed in conventional travel guides there are many off the beaten path and unconventional places that are still well worth visiting to make it fun i have arranged the attractions by themes i call them travel quests think of them as bucket lists for travelers instead of trying to see all of california in one big gulp the state s many fascinating sites have been broken up into a series of travel

goals along a similar theme you may complete these quests on multiple trips at your leisure or combine items from different quests each section of the book has a travel quest to complete based upon a particular theme like nature history entertainment or cultural sites the chapter then has goals for a representative sample of the items contained on that list some additional silly activities such as wearing a costume getting a goofy souvenir or singing an appropriate song have been included to keep it fun for children and others the author's personal favorites for each category are also highlighted along with many great photos from his travels the book is a treasure trove of insider travel tips from a long term resident of the state who has traveled the length and breadth of the state many times it contains many fascinating historical and geographical facts that put the places and activities in context it is very educational and fun for the whole family it can also save you a lot of time and money by telling you what is worth seeing and what is not it tells you how to avoid the crowds and wasting time traveling and waiting in lines this is the full color edition the stunning photographs show what a marvelous place california is to see

iraklis ioannidis offers fresh yet radical philosophical insights into the much contested topic of altruism whereas the debate on altruism since time immemorial consists in trying to determine whether we are biologically altruistic or not ioannidis explores altruism otherwise following nietzsche he traces altruism to the phenomenon of promising or giving one's word his analysis provokes us to think that our possibility to exist cannot be realized without this event ioannidis passage to altruism attempts to perform altruism while exploring it by reversing the axioms of classical phenomenology what he calls unbracketing he welcomes in his writing space any discourse any human expression which could help the philosophical investigation

this work includes a foreword by mayur lakhani chairman of council royal college of general practitioners general practitioners as a widely dispersed group are particularly reliant on e learning this book provides an overview of the topic and examines the past present and future challenges opportunities and benefits with chapters devoted to creating a website running short courses and standards and accreditation this guide explores both vocational training and continuing professional development it presents an evidence based practical approach for healthcare educators and practitioners with teaching responsibilities course organisers and healthcare professionals with an interest in e learning excellent leading edge as a practising gp i know just how hard it can be to keep up to date in a generalist discipline and showing progress having access to information is the straightforward bit processing it and embedding it into clinical practice is the much bigger challenge as this book rightly points out as a user of e learning i know how useful this technique can be if undertaken properly and to a defined standard i have no doubt that this book will be a valuable contribution creating an innovative

learning culture and society in healthcare mayur lakhani in his foreword

the earlier books of malory's morte d arthur by the same editor are contained in a book entitled the noble and joyous history of king arthur

early christian claims to the holy spirit arose in a vibrant cultural matrix that included stoicism jewish mysticism the dead sea scrolls greco roman medicine and the perspectives of plutarch in a range of articles this multidisciplinary volume discovers in these texts rich cultural connections related to inspiration and the holy spirit essential reading for scholars of judaism and the new testament as well as classicists and theologians

is there a truth somewhere which is so certain that no reasonable individual could doubt its veracity the excitement of this quest comes from the scent of freedom both shankara and heidegger erect a metaphysics of experience upon the pillars of being truth and freedom metaphysics is concerned with a theory of reality while a metaphysics of experience is a quest for being qua being the comparative study of religion and philosophy will find that these two unique thinkers resonate together in an uncanny way even if they eventually come to different conclusions shankara is the indian master of this quest par excellence his elucidation and insight into being is unparalleled as well heidegger is the western philosopher who has come the closest to thinking being in terms other than the terms of the categories of beings

John A. Grimes is a renowned scholar in Vedanta and Indian philosophy.

This book is the second collection of over 50 articles and essays authored by Sidney Perkowitz appearing in diverse outlets such as Discover, Washington Post, Aeon, Los Angeles Review of Books, Nautilus, Museum of the Moving Image, and Physics World. They represent the best of his writing about science and technology and their links to culture and society, the arts and the media, and the humanities. Written for general readers, the pieces explore the outer and inner universes from cosmic space to the human mind, from the artistic use of science to the impact of technology and AI in the justice system, in medicine, and in dealing with COVID-19.
