three agriculture related problems is a social problem of public concern in china since
its reform and opening up program nowadays people from all walks of life have realized
the seriousness of the problem the urgency of solving the problem and the great
significance of solving the problem to the deepening of socialist economic market so far
there have been great achievements in the economic and sociological circles but the
research in the legal field is relatively weak in search for methods and approaches for
solutions many researchers stopped where the problems arose therefore to solve the

three agriculture related problems fundamentally more insightful research shall be made from a higher perspective that is the rule of law
